Dear Parent/Guardian,

During Term Two, your son/daughter will be participating in the Keys for Life Pre-Driver Education Program. This program is a School Drug Education and Road Aware (SDERA) initiative that has over fifteen years of State Government support. The program will be delivered by staff members at our school who have been trained by SDERA to ensure that lessons are accurate, appropriate and engaging. Keys for Life is a ten-lesson, evidence-based program that is linked to the Western Australian Curriculum, Licensing System and Certificate of Education. Students are involved in activities that promote safe driving and positive attitudes. Above all, Keys for Life builds a culture of respect and responsibility, and an appreciation that driving is a privilege, not a right.

Students receive their own resources and will undertake the legitimate Learner’s Permit Test at school; culminating in licensing benefits that are recognised at all Department of Transport Driver and Vehicle Services Centres throughout Western Australia. Furthermore, students get to undertake the Learner’s Permit Test at no extra cost. Students will be given a range of pre-requisites they need to complete in order to sit and undertake the test (this information will be given on the night of the workshop outlined below).

Because driving instruction is primarily a parent responsibility, our school has taken steps to support you in your role as a driving supervisor by inviting you to a Keys for Life Workshop for parents and students.

**When:** Wednesday, the 2nd of May, 2018  
**Where:** Baldivis Secondary College (Lecture Theatre)  
**Time:** 5.30pm - 6.30pm (please arrive at 5.20pm for a 5.30pm start)

It is recommended that you attend this one-hour information workshop with your teenager, as it provides important information about reducing stress during the ‘learn to drive’ process and information on the new licensing system. Please save this date and RSVP to the College by Wednesday, the 11th of April (Term 1, Week 11). For more information about Keys for Life, please contact either myself or your child’s year 10 Health teacher via email or by calling the school. All notes should be returned by your son/daughter to their health teacher.

Yours sincerely,

Marvin Alvarenga  
Year 10 Health & Physical Education Coordinator

RSVP TO KEYS FOR LIFE PARENT – STUDENT WORKSHOP

☐ I will attend the Keys for Life Parent – Student Workshop with my son/daughter.
