

## Good Standing Policy

### 1.0 Rationale

It is the role of the Good Standing Policy, within the context of Baldivis Secondary College, to clearly set and coordinate a standard of student performance across the college. This assists the student in becoming a well-rounded positive member of the college community. As our students progress towards Senior School, the increase in college performance standards relate to the level needed to achieve a WACE and to have a high chance of successfully entering a post-school destination of choice.

Baldivis Secondary College operates on the belief, that the individuals in our community should have every opportunity extended to them, to assist them to **“be the best that they can be.”**

Students are expected to achieve personal excellence in all they do. Each individual will perform to the best of their ability and in doing so attain their level of excellence.

Teachers at Baldivis Secondary College clearly communicate the standards required to successfully achieve the requirements of each Course or Subject that students undertake. They do this by providing students with:

- a subject/course outline and/or syllabus document, which clearly describes what students must know and understand
- an assessment outline which clearly describes how, what and when teachers will make judgements about student performance
- information about other factors that may affect student performance, such as the level of attendance required to succeed and the types of behaviour which will support student success.

This policy outlines the college standards for Academic Performance, Attendance, Commitment and Conduct that are considered necessary to meet the requirements important to Baldivis Secondary College. This policy provides an overall standard against which all student performance will be assessed.

The degree to which each student achieves the standards will help determine their *‘Standing’*. Students will be identified as falling into one of three groups relating to achievement against each of the standards set. The three performance groups are:

- **Advanced Standing**
- **Good Standing**
- **Conditional Standing**

### 2.0 Standards

The Baldivis Secondary College Good Standing Policy outlines standards in relation to **Commitment, Academic Performance, Attendance and Conduct.**

#### 2.1 Commitment

All students will be provided with the opportunity to engage in relevant and meaningful curriculum. Students are responsible for giving themselves every opportunity to achieve their full potential.

Student commitment can be demonstrated through the following attributes on their semester reports:

- Works to the best of their ability
- Respects self, others and property
- Follows staff instructions and school policies and procedures
- Is well organised and effectively manages time
- Participates collaboratively and positively

## 2.2 Academic Performance

All students will be provided with the opportunity to develop knowledge and skills to achieve success at school.

- In Year 11 and 12, students will achieve this by making appropriate selections and enrolling in up to six *School Curriculum and Standards Authority* Courses. Many students will also enrol in, and complete, at least one *Vocational Education and Training (VET)* Certificate.
- In Years 7-10 students will achieve this by enrolling in the compulsory subjects as well as selecting a number of elective subjects.

## 2.3 Attendance

There is a very strong connection between the academic performance of students and their attendance and participation in the learning program. Absence is likely to impact on a student's ability to understand the material covered and to successfully complete the assessment program to the best of their ability.

N.B. Students missing school based on medical grounds, will have their attendance adjusted provided a suitable medical certificate is provided.

## 2.4 Conduct

All students at Baldivis Secondary College are expected to maintain a high level of conduct at all times and demonstrate the Baldivis Secondary College Pillars- ***Respect, Integrity, Excellence, Unity and Knowledge***. Good conduct ensures that students give themselves the best opportunity to focus on achieving their academic potential. Further, good conduct ensures that students develop strong positive working relationships with their peers and teachers.

The following are considered aspects of appropriate conduct:

1. Be the best you can be
2. Follow the directions of college staff
3. Engage in safe and positive social behaviour
4. Prepared for lessons
5. Arrive on time and participate positively in activities

## 3.0 Student Standing

The degree to which each student achieves the standards will help determine their '*Standing*' for a semester. Students will be identified as meeting one of three standards relating to achievement against each of the standards set. There are three standings:

**Good Standing (3.1)**

**Advanced Standing (3.2) and (3.3)**

**Conditional Standing (3.4).**
